

Ramil Mustafayev

Structural Designer

Baku, Azerbaijan

Phone: +994 70 736-09-86

E-mail: Mustafayev@inbox.ru

 [linkedin.com/Ramil Mustafayev](https://www.linkedin.com/Ramil Mustafayev)

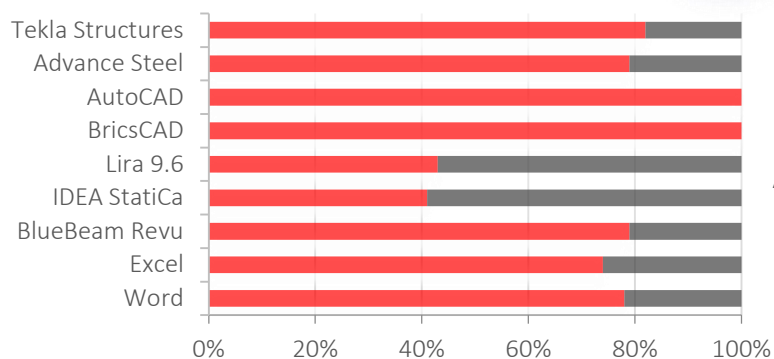

Education

Azerbaijan Architecture and Construction University

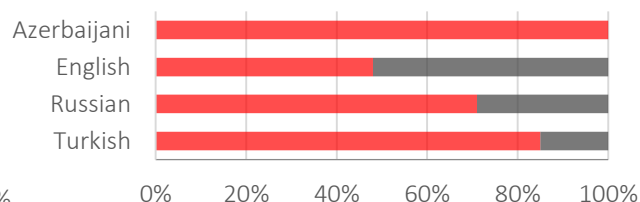

Bachelor degree

2004 - 2008

Software Skills

Language Skills

Work Experience

- Vien Group LLC
Structural Designer / August 2018 – June 2019
- Gidrotransproyekt ETM (Evrasccon)
Structural Designer / August 2016 – August 2018
- Azerbaijan State Design Institute "OJSSC Azmashproject Institute"
Structural Designer / March 2014 – August 2016
- Kon-Lay Project MMC
Structural Designer / January 2014 – February 2014
- Oil & Gas Scientific Research and Project Institute (GIPRO) by SOCAR
Structural Designer / October 2009 – April 2013
- Freelance Work
Structural Designer / Design Engineer / Draftsman / 2004 – Present

Structural Detailing

Civil Engineering

Industrial Engineering

Production Engineering

Site Engineering

3D Modeling

Design Engineering

- Fully detailed shop fabrication drawings
- Fully detailed general arrangement drawings
- Erection drawings
- Full-size templates
- Fully customized material lists
- Customization to satisfy clients
- All drawings and material lists convert into data for CNC machinery. Can export in any format (IFC, DWG, DXF, DGN, NC)
- Customize drawing title blocks and reports
- Design for steel structures and reinforced concrete (industrial and civil) buildings
- Design of administrative and industrial buildings, according to the calculation results with the construction norms (Eurocode, BS, SNiP and other exist standards in all over the world)
- To set up structural scheme of building based given architectural solution, to accept economically and technologically effective engineering solution
- Design 2D CAD and converting it to 3D using Tekla Structures, Advance Steel or AutoCAD
